Acting Chief, Aircraft Branch, D/I

I/AR Requirement Against [REDACTED]

25X1A2g

25X1X1

1. Subject [REDACTED] indicates that the source has a knowledge of jet aircraft engine parts production at a Hungarian factory.

2. The following requirement is designed to determine the scope and character of this production:

a. Describe the facilities devoted to aircraft engine production. If possible give the floor area and labor force involved.

b. Identify specifically the engine parts produced. Identify the engine or engines of which they are a part. Indicate the rates of production of the parts.

c. Give any data on the costs of production or prices for the engine parts.

d. Indicate the addressees for parts shipments out of the plant. Were the parts sent to an engine assembly point in Hungary? Are jet engines produced in a Hungarian plant? Were the parts shipped to an overhaul and repair depot? Were the parts exported to the USSR or to other Satellite countries?
